2.scriptlets

3.expressions

6. Jsp Actions

    1.Standard Actions

      1. useBean tag

      2. setProperty tag

      3. getProperty tag

      4. include tag

      5. forward tag

      6. param tag

      7. plug-in tag

      8. params tag

      9. fallback tag

      10. directives tag

      11. scriptlet tag

      12. expression tag

    2.Custom Actions

      1. Classic Tags

      2. Simple Tags

7. JSTL & Tag Library

IV.IDE

    1. MyEclipse

V.SERVERS

    1. Tomcat

    2. Weblogic

VI.DATABASE

    1. Oracle

    2. MySQL

    3. Postgresql

    4. MongoDB
